1 The System

Describe the system-Provide the background

2 Specific Questions

What are the questions and why are they interesting/important to answer

3 Methodology

-What kind of math

-If you are using data, what data and where is it going to come from?
Include references here [1, 2]

Mathematical expressions and equations can be expressed inline with text like this $E = mc^2$ or like this $z^2 = x^2 + y^2$ The other display mode lets you insert equations or expressions stand alone without any text

$$\frac{dn}{dt} = \frac{1}{\pi} \alpha n_i t$$

4 Approximate Timeline
